

Things I loved about my Grandpa Russ

By 7 year old Kaylee Bishop

My grandpa was a great man.

He loved to race cars.

I loved to race my grandpa on my bike.

Me and my grandpa loved shoes and clothes.

My grandpa always came to me and my sisters games.

Me and my grandpa loved to watch TV and eat ice cream.

I loved to sit in his special chair.

He taught me how to wash cars.

He was very strict about his antiques and TV remote.

My grandpa loved to get a "Starbuck" .

Me and my sister loved him so much.

He also loved his dogs lucky, fluffy, dasy and mayshing.

He was not just crazy about antiques but he loved them too.

My grandma Dione supported him so much, and he loved her too.

I will miss riding bikes, playing checkers, and going to the car races with my grandpa.
